

Emily Ulcar was peacefully taken away from us May 7, 2022 at the age of 66. Her unadulterated enthusiasm for family and friends was showcased in every spring pong tournament or Christmas gathering. She was an accomplished athlete and pianist, refused to come in second place and always strived for perfection. Her love for teaching and pushing others to their full potential was central to her being. She will always be remembered for her wit, protectiveness, willingness to help others and to do lists. Sitting on her couch, with her computer and phone, she could accomplish anything. Her smile, integrity, thoughtfulness and toughness will be greatly missed. Emily was, above all else, the best wife, mother and grandmother anyone could ever dream of having.
